MANDATORY CAR REGISTRATION
QUAKER HILL COMMUNITY ASSOCIATION

April 2024

Quaker Hill Resident:

This past year Quaker Hill implemented a new the visitor parking pass program. It has been monitored, with warnings and towing in effect. Most residents have been compliant, especially with overnight and multi-day guests; however, there has been an ongoing issue with residents using the visitor parking as supplemental home parking, which is expressly prohibited.

In order to effectively implement the program, it has become necessary to require mandatory vehicle registration for all townhome and single-family residents. Visitor parking will only be granted to residents that have registered their personal vehicles. Proof of vehicle ownership is required. A photo of your car registration will suffice.

Registration can be completed via the QR code and parking information that was previously sent to each residence. To register:
- Scan the QR code from the tag that was sent to you
- SCROLL DOWN to RESIDENT VEHICLE
- Click on Register Vehicle
- Enter the appropriate information
    - License plate
    - Home
    - Passcode (the unique passcode provided to each residence)
    - Make, model, color
    - Contact information
    - Upload photo of your car registration by clicking on the Vehicle Registration icon.

Car registrations should be uploaded by April 30, 2024. Failure to do so may result in the denial of visitor parking registration. Please contact SFMC if you need assistance with registering your vehicle.

Thank you for your patience and cooperation.

Respectfully,

SFMC
